

Tracking The Tribes part 2

Migrations of Israel

By Shane Vaughn, First Harvest Ministries

We are going to pick up in chapter four of my teaching. I skipped chapter two and chapter three, because although it's really good stuff, it's so deep that I can't do justice to it at this point. So I decided to skip over it. Chapter two shows a lot of the migrations of the House of Israel, and to teach that lesson, I've got to teach you how their names change everywhere they travel. To do all of that, it would require at least two or three hours of me just breaking it down. So I decided to jump to the easier chapter, which is chapter four.

Today, I want to show you the huge difference between the House of Judah and the House of Israel. Last week we showed you how the House of Israel went into captivity in Assyria, and how they were punished *seven times*. Does anyone want to tell me how long that punishment lasted? How many years did the seven times punishment last for the House of Israel? *It lasted 2520 years*. Amen. And that brought us to what year on the Gregorian Calendar? *To 1775, but because there's no zero, that brings us to 1776*. Yes.

Today it's imperative that you see the vast difference between an Israelite and a Jew, that you see the difference in the House of Judah and the House of Ephraim. Ephraim is a moniker for the Lost Tribes. The Lost Tribes were never lost. The word *lost* should have been translated into English as *exiled*. These are not the Lost Tribes. These are the Exiled Tribes of Israel. However, once the Father had exiled the tribes of Israel, who stayed in the land? The House of Judah. They stayed in Jerusalem. They stayed at Headquarters. They stayed and kept the Sabbath Day. They kept their identity. They were never lost.

The Jewish people are the only identifiable people group in the history of the world, that they never lost their identity all of the thousands of years that they have been in existence. For example, today nobody knows who the

Romans are. Nobody knows who the Parthians are. Nobody knows these people groups that have existed in our history. The only people group that has never been unidentifiable, is the Jewish people: the Tribe of Judah. I'm not talking about everyone that lives in the land of Palestine and calls themselves Jews, but the true descendants of the House of Judah, they've been identifiable from their beginning, because of their observance of the Sabbath Day.

Remember that the House of Judah has a completely different destiny than the House of Israel. It's imperative that you remember that, saints. Because when you're studying Bible prophecy, and you're studying prophecies about Israel, you will think that that is referring to that piece of land in Palestine, called Israel. Know the difference in the land of Israel, and the people of Israel. Know that difference. Be able to discern that difference in Bible prophecy. Everyone who lives in the land of Israel is not an Israelite. And that's what people get messed up in their minds when they hear the word Israel. .

What if they had named it something else? When the British—General Balfour—founded, and gave them that land back, they could have named it anything. They didn't have to name it Israel. They could have named it Zion. They could have named it anything. So keep in mind when you're thinking of Israel, that is a political state. That is a political state, but just because someone doesn't live in America, doesn't mean they aren't an American. We have many dispersed Americans all over the world. Right? There are many Israelites that are dispersed all over the world and have nothing to do with the land of Israel. That's a political entity.

Don't think of that political entity when you think of Israel. In fact, if there are any true Jewish people in the political state of Israel, that's a completely different destiny than your destiny. And the problem in Bible prophecy is we think of our destiny as the destiny of the Jewish people. When you don't know the difference between our destiny and their destiny, you lose your purpose, and you lose your identity. The House of Judah was to remain in

Palestine after you and I—our progenitors—were cast out of northern Israel. The House of Judah stayed faithful in the land of Judah.

But they had a problem. They had a bunch of bad kings in the land of Israel. The only righteous king after we left northern Israel was King Josiah. I preached a message about King Josiah several years ago. This king did a great thing in the land of Israel, and we're going to read more about it right now. Josiah instituted a reign of righteousness in Judah, in the city of Jerusalem. He cleaned up the kingdom of Judah, removing all the idols, the groves, the high places, and the Christmas trees, the Easter bunnies, and the Valentine cards. He removed the fake New Year celebrations. He removed all the high places, and the high dates that contradicted the Word of Yahweh.

Something happened in King Josiah's reign that was hard for us to imagine. All these years after we were expelled from the land of Israel, the House of Judah became corrupt. They even forgot the Law of Yahweh, the Commandments, and they still had a Temple with no Torah. They still had a Temple, but no truth. They still went to the Temple, but they had no Truth at all. I want you to understand something. We are End Time Israel. Whatever happened in that natural Israel, is destined to happen again. It is a repeating cycle. I want you to keep that in your mind.

You're going to find out that what happened in those days is happening again in our day. They had a big temple. They had a big church with a Sunday School program, with a massive program of every type. But the only thing they didn't have—and it's no big deal—the only thing they were missing was the Word of Yahweh. Amen? That's all they were missing, but it didn't matter; they still had church. They came and sacrificed, and did all of that, but they did not read the Torah anymore. It was like the sermons you hear today. They'll read one little scripture, and the whole hour they will preach, speaking their own opinions about themselves, and about mankind; no Law of Yahweh.

This is what happened in the days of Josiah, and now we will see that what happened then, is about to happen yet again. Let's go to II Kings, chapter twenty-three, verse three. I believe that Yahweh is raising up new leaders in the House of Israel who are going to be King Josiah's in this great end time restoration.

II Kings 23:3 Then the king stood by a column and renewed the covenant in front of Yahweh—to follow Yahweh, to keep His Laws, His testimonies, His statutes, with all *their* hearts and being: to perform the words of this covenant which is written in this Book. Then all the people vowed to keep the covenant.

All the people vowed to keep the covenant. Now I want you to know that King Josiah's priest, Hilkiah, found the Law of Yahweh hidden behind a chest. They had lost it for years. Notice the pillar, or column that this king stood beside. I have instructed Elder Morgan to build twelve pillars on our land, past the flags that are being put up. We're going to have twelve stone pillars with the Tribe of Israel flags, each Tribe flag hanging off one of those pillars. As you come into the land to keep the Holy Days, you will stand by those pillars. You will come by those pillars. You will come by the pillars that symbolize the renewal of the covenant.

This is what we're all doing in our lives. We aren't starting a new religion. We don't have a new message. Our message is so old that I laugh when people say we're trying to do something new. Actually, We're the oldest of the bunch. We're trying to go back to the beginning when all things were pure, and all things were holy. Amen.

Under King Josiah, the first thing that he restored in the House of Judah, was Passover. They started keeping the Passover of Moses. They had quit doing this, even in Jerusalem. They had quit. They saw what had happened to the northern Tribes. They saw what happened to them when they stopped keeping the Passover. You would think they would be very afraid not to follow the same pattern. I watch that happen to church people all the time. They'll see someone fall, and they take no warning from their fall.

They don't see what led them to that fall, because *I don't want to go down that path.*

Well, here is Judah, looking at Israel. The reason Israel is now living in Assyria in the Caucasus Mountains, is because they forgot the Holy Festivals. They changed them, and now all of a sudden their sister, Judah, has done the same thing, so much so that King Josiah was that first king who said, "We've got to do away with Christmas, and we've got to restore Passover."

Does anyone not feel like you're living in history all over again? Amen. You're part of this renewal of the covenant. When we call you covenant keepers, what we're telling you is that we're returning to the keeping of this covenant between us and Yahweh. The way you know that you are returning to the covenant, is you will begin to keep Passover faithfully. You'll begin to keep the Holy Festivals.

Those festivals are not the covenant, but returning to the festivals is the pathway of returning to the covenant between you and Yahweh. It's so very important that you understand why we do these things. King Josiah did these things to return to the covenant. Let's read II King, chapter twenty-three, verses twenty-two through twenty-five.

II Kings 23:22-25 Surely such a Passover had never been held since the days of the judges who judged Israyl, nor in all the days of the kings of Israyl and the kings of Yahdah—(about 623 BY)

How many of you would have been able to read this scripture a year ago, and when you see the kings of Israel or the kings of Judah, how many of you would have overlooked that because *that* wouldn't have made any sense to you? Amen. *What do you mean the kings of Israel and the kings of Judah? Aren't they all the same?* What this scripture is telling you is that they had quit keeping the Passover not only in Israel, but in Judah.

I want to say this to all of you: If you're going to a church or you're part of a ministry that doesn't keep Passover and the Holy Festivals, you're part of a church that has left the covenant, and you're in the same situation that they were in right there when King Josiah was raised up by Yahweh.

I want you to notice something about King Josiah. This man was not the one who restored Truth. It's important that you hear what I'm about to say. He was the political leader. He was not the one who restored Truth. There was a little preacher under the king. His name was Hilkiyah. Josiah is the president or the king. The king was not a righteous man; he wasn't a truth-seeker, but you're going to find out that while he was not looking for Truth, but Truth was looking for him. Oh HalleluYah! It is going to get really interesting. You're going to see what is happening today in America—End Time Israel.

Yahweh first raises up the president or the king to change a nation. I need somebody to hear me now. Then, He raises up a little preacher or a little religious leader who loves Truth, and together they work hand in hand to restore a nation. Does anybody see what time it is? Does anybody see what's really happening? This is End Time Israel, and Yahweh is doing a gain through Hilkiyah and Josiah, what He did in days gone by. The more things change, the more they stay the same. Amen.

23 In the eighteenth year of King Yoshiyah, this Passover was observed in front of Yahweh in Yerusalem. 24 Yoshiyah also put away those who consulted with mediums and spiritists, the household images of the gods (elohim, teraphim), and all the abominations that were seen in the land of Yahdah, and in Yerusalem, so he might perform and do the words of the Law which were written in The Book of the Law that Hilkiyah the priest found in the House of Yahweh.

Listen. The king took all the transgressors. He took all of the Critical Race Theory, he took all of the pagan things, and moved them from the land, but he only did it because Hilkiyah found the Commandments, restored them to

the church, and worked hand in hand with the leader—and Yahweh restored a nation. It’s happening all over again; Thank Yahweh.

25 Before *Yoshiyah* there was no king like him—who

Like this president, like this king, like this political leader; there was no king before him.

turned to Yahweh with all his mind, with all his being, and and with all his might, according to all the Law *given through Mosheh*—and after him there was no king like him.

Ladies and gentlemen, I believe that’s about to happen in the second term of Donald Trump. I believe he is going to turn to Yahweh with all of his heart, all of his soul, and all of his mind, and Yahweh is going to bring to him, keepers of the covenant. They will work together to bring this nation back to her covenant with Almighty Yahweh! Praise Yahweh! HalleluYah! There is no other way for America to survive.

People ask me all the time, “Why are you fighting for President Trump?” It’s a great question. They also say, “America is doomed. America is under judgment.” I agree with that one-hundred percent, but just like Israel was under judgment, amen? Israel was doomed. Their end was already determined. But Yahweh raised up Josiah to prolong that judgment. He raised up Josiah and Hilkiyah to hold back the judgment against the nation until the time was appointed for it to happen.

America is coming under judgment. Every nation in the world is coming under final judgment. Satan and all of his minions desire to destroy all mankind before the *time*. That is their destiny: to destroy us so much that there is no faith left on the earth at all, and there’s no remnant on the earth. However, Yahweh says He will never let that happen. He will always raise up a man who will stand in that gap, and make up that hedge. That is happening here in America as we speak right now! Yahweh is raising up

that person, and those people who will say, “Not yet, Lord. We are still keeping the covenant.” HalleluYah!

And that’s why they must destroy President Trump. It is not Democrats trying to destroy Trump. It is not RINOS. It is Demons! It is Satanic power. It is the Kingdom of Darkness, because Trump has reverence towards Yahweh; he has reverence towards the Church of Yahweh. Ladies and gentlemen, it’s not time yet for America’s fall. However, after King Josiah, that fall will come. They return to being just as wicked as they ever were. Let’s read Jeremiah three, verses six through ten.

Yeremyah 3:6-10 During the reign of Yoshiyah the king, Yahweh also said to me: Have you seen what backsliding Israyl has done? She has gone up on every high mountain and under every green tree, and there she has played the harlot.

Let’s pause right there. Israel, backsliding Israel has done this. He says she has gone up on every high mountain. In other words, she wants to celebrate so badly, what the rest of the world celebrates. She wants so desperately to be part of this world. They go up on high mountains, they go up under green trees, they worship trees. They cut them down and bring them in their house, and decorate them, put gifts under them, bow down to put the gifts under the tree. They bow down before it. It becomes their childrens’ obsession. In all of these things they have played the harlot, with all of these things that they want.

They don’t want Passover. They don’t want the Holy Festivals. They like Mardi Gras. They like what the world likes. He said, “My people are always playing the harlot. They jump from bed to bed, and then show up for church on Sunday to get another blessing from Me.” They just play the harlot. They don’t want to look different, they don’t want to talk different, they don’t want to act differently than the world. They don’t want to be peculiar—the Segula. They don’t want that. They want the harlotry.

But He said, “I will have a people who will not go up upon those high mountains. They will not go among those green trees. They will separate themselves unto me, and restore the covenant along with Josiah, the king.” Those are the days that we’re living in.

7 And I said, after she had done all these things: turn back to Me!

Repent! He said, “REPENT!” But she would not repent. She would come to the altar and cry if she felt the Spirit of the Lord, and say, “I’m sorry.” But she wouldn’t repent. She wouldn’t return, she wouldn’t turn around; she wouldn’t stop doing what she was doing. She still came to church. This is what you need to know about Judah and Israel: they did not stop going to church. Going to church is fun; good music, good entertainment, children’s programs. It’s really like a Civic Center. Amen?

They all came to church, but somehow, for years, the Law had fallen behind a chest. They forgot all about the commandments. They were having church, but somebody had dropped the Laws behind the chest, and nobody even missed it. They go to church and hear good preaching and never hear the Law mentioned, and still think they have had wonderful church. *Oh! I felt the Spirit of the Lord, brother!* They were prophesying like crazy up in that church today. *I got a word!* It’s the same word that they gave to everybody else! There’s different ways of saying it. Does anyone know anybody not having trouble today? *I see a dark cloud.* Is there anybody here who doesn’t have a dark cloud chasing you? That’s not a word.

Yahweh’s people lost their identity, and now they’re no longer separate. They look like everyone else. Sister, that’s a mouthful that you just said. You’ve got to learn to embrace your separation. It’s got to become part of you, that you love your separation. When they were going to church in Israel, they were going to church, and they loved church. Until you fall in love with truth more than church, you’re just an old Israelite carrying on that same nature of Israel. Israel loves church. I just heard that from the Lord. Israel loves church. All of Israel loved going to church, but they had forgotten the separation; the uniqueness.

But Yahweh raised up a little preacher, Hilkiah, and all of a sudden, “Kill the music, minister of music, wait a minute. I just found something. I found a covenant with Yahweh, and this is what we’ve got to do to keep the covenant.” *Oh yeah. I heard about it when my grandmother talked about it way back. I remember my grandma said they used to have some kind of standard in this church, but we decided that was religion, we decided that was legalism, so just go put it back behind that chest. We’re too busy having a move of Yahweh. The Holy Ghost is moving too strong for all that. We don’t want to turn this church into legalism. See? They changed the word obedience to legalism, and it’s really sad to see what has happened to Yahweh’s Church. Amen? But I know a group of people... Praise the Lord!*

But she did not return. And her treacherous sister Yahdah saw it.

Now let me show you how to interpret Scripture. Let’s go back and read verse six again.

During the reign of Yoshiyah the king, Yahweh also said to me: Have you seen what backsliding Israyl has done? She has gone up on every high mountain and under every green tree, and there she has played the harlot.

During the reign of Yoshiyah the king. Now He’s talking about Judah, not Israel. In the days of Josiah, they saw what happened to Israel, backsliding Israel. And Yahweh was trying to stop that from coming into Judah—the remnant, the chosen. In other words, He was trying to stop this little people in this Zoom meeting today. He wants you to look at the church you came out of, and see their sin for what it was: forgetting this covenant, and He doesn’t want you to follow that path.

He said, “Her treacherous sister Judah, saw. She saw what happens when you forsake the covenant. That’s why the judgment on Judah will be harder

than the judgment of Israel, *because Judah saw what I did to Israel for breaking the covenant*. To whom much is given, much is required. Judah was not ignorant. She saw what happens when you break the covenant. She sees it. There's no ignorance for her to plead for. That's why she went into the Holocaust and Israel did not. Is anyone hearing me? That's why she fell under punishment that Israel did not fall under.

That's why some of you will fall into punishment. Your life will be torn apart when you forsake the covenant. Why? Because you are sitting in the most dangerous seat you've ever sat in, today. You are. You're sitting in the seat of no return. You are now people that know the covenant of your God. There is no winking at our ignorance, because we have none. We have moved into FULL understanding of the covenant with our Yahweh. HalleluYah! Let's return and read verse eight.

8 Then I saw, even though *Yahdah knew that for this very cause of committing adultery; the worship of gods (elohim), that I, Yahweh, had put faithless Israyl away, and given her a bill of divorcement; yet her treacherous sister Yahdah was not afraid, but she also went and played the harlot; followed after gods (elohim)!*

I DIVORCED the Ten Tribes of Israel. I put them away. I divorced them, and now Judah sees that I have divorced Israel. I've not divorced Judah, I divorced Israel. I put them away. I sent them into Assyria. They should have said, "We're never going to make that mistake that they made." Their treacherous sisters saw it all!

9 This was because her iniquity mattered so little to her, that she led the land to defilement, and committed apostasy with sacred poles and wooden gods (elohim, teraphim).

KJV And it came to pass through the lightness of her whoredom, that she defiled the land, and committed adultery with stones and with stocks.

She took lightly what she celebrated. She began to say, “What does it matter?” She took it lightly. She began to say, “Brother Vaughn, C’mon; live a little.” She began to take it lightly, and before she knew it, she’s committing adultery with stones and rocks; committing adultery with stones and rocks, celebrating earth and nature. Cutting down trees; committing adultery with a tree. Do you know how it happened? She took the covenant lightly, and she thought, “I’m just trying to be part of my family.” She just took this covenant too lightly.

I want to say this: When you live for Yahweh Hard, it’s easy. When you live for Yahweh Easy, it’s hard. You can’t take this covenant as if it’s just something. It’s got to be EVERYTHING! When you make your pilgrimage to keep the Holy Feast of First Fruits—we’re already two weeks into counting the Omar—we’re counting down the days until the wedding day, the vow renewals. As we are counting those days, we’re taking the covenant seriously. Let me say this to those of you who are counting down the days: remember that when you’re counting it, that means you’re taking it seriously. You’re not taking it lightly.

Whenever you bought that unleavened bread in bags, what you said to the world is, “This looks silly even to my carnal mind, but this is what He said to do, and I’m not taking it lightly.” When you take this covenant lightly, then that covenant between you and Yahweh will not last. I just found it so heartbreaking that she committed adultery with stones and stocks. Have you ever committed adultery with stones and stocks? Amen.

10 And yet for all this, her treacherous sister Yahdah has not turned to Me with her whole heart, but *with pretended obedience!* says Yahweh.

Notice what He said. He did not say that she had quit coming to church. Judah went to church every Sabbath. He didn’t say that she didn’t think it was a good idea. He didn’t say that every revival she didn’t come and pray back through. I need everybody to hear me now, because I’m talking to somebody. It says that she didn’t *return to Me with her WHOLE heart.*

“She did return to Me every Sabbath. She would walk in and shake everybody’s hand, saying *How are you? Where do you want to go for lunch after church? By the way, I hope he doesn’t preach too long today, because he preaches so long. What do you want to do after church?*”

No focus on the Covenant. I watch people in my local church. I’ve been watching some of you lately. When that Word opens, I’m seeing some of you getting distracted like you didn’t used to. I’m worried about a few of you in my local church. I see it when I open the Word. I see how you respond when I open the Book.

If you want to know if you’re in that covenant, you’ll be attached to the Book. When you see that book open and you jump to your feet, you’re taking that covenant seriously, not feignedly, but seriously. What is feigning? Half in, half out. You’re not quite dead, you’re not quite alive. You’re sort of in between. That’s how we come to Yahweh when we come in and we don’t want to dance, we don’t want to worship, we don’t open the Bible. You’re just like the treacherous sister. Amen.

They don’t quit going to church. They love church! This is a sad state of affairs—the House of Judah, and the House of Israel. They’re spoken of as treacherous sisters. Neither of these two sisters were willing to obey their Father. They were too busy playing the harlot, and now they’ve left Yahweh with no choice other than to punish Judah also. Let’s read about the House of Judah in II Kings 23:27. Now, this is much later than when the Ten Tribes were exiled from the land. Yahweh kept Judah in the land as a witness, but now He can’t even use Judah anymore.

II Kings 23:27 So Yahweh had said: I will also remove Yahdah from My sight, just as I have removed Israyl, and I will cast off this city Yerusalem which I have chosen, and the House, about which I said: My Name shall be here.

The reason Yahweh loves Jerusalem so much; if you’ve always wondered why He loves Jerusaem, the land, so much; it’s very simple. It’s because He

has placed His Name in Jerusalem. I'm going to show you that in just a minute. I'm going to show you why Yahweh put His Name in Jerusalem. Wherever Yahweh puts His Name, He becomes jealous of it. I'll show you. Let me pick out a man to use as an example. Elder Peachey. *Yes sir*. There's a lot of women in the world, but interestingly enough, you're not jealous over those women, unless you've given your name to one of them. She's sitting right beside you. Why are you jealous over her, but you're not jealous over Sister Toni Silcox right there? *I'm in covenant with my bride*. You have placed your name on her. *Yes*. At one time, she was Kristen whoever, but when you married, she lost her complete identity.

I get so frustrated when I hear women of this generation say, "When I got married, I just lost myself." That was the point. You're to drop your identity, and you now become Mrs. Jamie Peachey. You are no longer even Kristen. You're jealous over Kristen because she carries your name. That's why the third commandment is: Thou shall not take the Name of Yahweh lightly. You shall not take it, and not live up to its standard.

You can't take the name Mrs. Jamie Peachey, and not represent Jamie Peachey. That's what the third commandment is: Thou shalt not take the Name and not live up to it, not honor it, not be faithful to the name that's been placed on you. When we baptized you in the Name of Yahshua, we placed you into the Name, and now you shall not take that wedding Name; you shall not take it in vain; not understanding you're no longer Toni. You are now the bride of Yahshua. Don't take that in vain.

The modern Church would make you think that says, don't say G-d. That has nothing to do with that commandment, even though that's a horrible thing to say, but God is not a name, so that's not what that's talking about. It's saying, *Don't ask me to place My Name on you and then you go act like yourself*. Don't ask me Kristen, to give you the Peachey name, and then you don't act Peachey. You go around acting like an old sour lemon, rather than Peachey. HalleluYah. If you're going to take the name Peachey, be Peachey. You've got to become the name. When the Name is placed on you, you've now got to become the Name.

The true Name of God is Yahweh. You can find that in Exodus 3:15, but both rabbinical and priestly traditions have replaced the name Yahweh, with the title, God. God's Name is indeed part of the Name of Jerusalem. Every religion of the world: Judaism, Catholicism, Pentecostalism; every ism of the world has robbed the Name. The Jews are worse than the Catholics are when it comes to the Name. They forbid you to say the name Yahweh. They will literally cast you out of the church for saying it. They have replaced it with Adonai or HaShem, which means the Name. They won't say the Name.

Notice what it said in the verse we just read: *I will remove Judah from My sight, and the House where I have said My Name will be there.* I want you to hear me. Wherever you find the Name of Yahweh gladly spoken on happy lips, is where you will find the Third Temple. It's where you'll find the *Oh my God*; that's where you will find the people of Yah. My people called by what? MY NAME! I don't know if you are picking up what I'm putting down now.

I don't know if you understand the gravity of what I'm teaching you now, of who you are. Every church you came out of, you weren't even allowed to say that name. Don't tell me you weren't. They would have looked at you like you were growing horns out of your head. They despise the Name of our Father. They love the Name Jesus though. But dare whisper the Name Yahweh or Yahshua, you'll find out real quick what they did to His Name. They've taken it in vain. Yahweh's Name is part of Jerusalem. I'm going to show it to you now.

We're going to break it down phonetically. It should not be Jer-Usalem. It is Yah-Ru-Salem. Ru is a Hebrew root meaning *a song*. King David was always singing about Yahweh; therefore the city is known as *the songs of Yah are sung here*. The Name is in Yah-ru-salem. It's not Jerusalem, it's Yah-Ru-Salem. It's not Jesus, it's Yahshua. That's why New Jerusalem is going to bethe people who have renewed Yah Ru. They have restored the song of Yah among the people. HalleluYAH! Amen. That's why we're not of

Old Jerusalem, because in Old Jerusalem, you can't even say the Name. We are RENEWED YAH-ru-salem. We sing of Yah amongst us, and now that's where He's placed His Name.

Do you know why He's placed His Name among us instead of Old Jerusalem? Because we love to sing the Name. Wherever you sing the Name is New Yah-ru-salem. That's why Paul says we've not come again unto Mt. Sinai, but we have come to another mountain. We have come to Mt. Zion, the city of Yah, because you can hear His Name being sung among the people. Amen. It's been restored. HalleluYah. He is restoring YAH-Ru-Salem. It's the root word for singing. Why do you think when you read about Mt. Zion, it says, "Come let us sing."? Everything is about singing in Yah-ru-salem. What are they singing? YAHWEH, YAH, YAH, YAH, YAHWEH!

Have you ever watched our live services? We do that everytime. Yah Yah Yah Yah Yah YAH! People who listen to us sing say, "Sing something with words." That is a word: Yah. That IS the Word. HalleluYah. That's why when we're dancing in a circle, we dance to Yah Yah Yah Yah Yah, because Yah is on our minds. That's the sound of New Jerusalem. That's the sound of New Yahrusalem. Praise Yahweh. The Israelites were known as the what? The people of Yah, to all the surrounding nations. What are you known as? The people of Jesus, or the people of Yah? What are you known as?

Why do you think they changed the Name from YAHSHUA to Jesus? Do you think it was just a little, innocent mistake? Do you not understand that there was a plan to take the name Yah out of your mouth? In Jerusalem you're not even allowed to say it, and in your churches, you're not allowed to say it either. Welcome to Yah-ru-salem. HalleluYah. Part of the punishment of Israel was that He took His Name from off their lips. Do you think they just quit saying it because they wanted to? No! HE removed His Name from their lips; just like He did with Christianity. You're not hearing me. He literally won't let them say His Name. They're not qualified to say His Name. Let's read.

I Chronicles 22:8 But the word of Yahweh came to me, saying; You have shed much blood, and have waged many wars. You shall not build a House for My Name, because you have shed much blood on the earth in My sight.

You're not qualified for My Name. I can't use you. You can build a church, and you can call it First Baptist. I'll let you do that. But I'm not letting you build a church to the Name Yahweh. Oh no, no, no. Why not? You're not qualified for that. You're not in the covenant. No, no, no. Keep playing church. In fact, build one right over there. Put whatever name you want to put on it.

Isayah 48:11 For My own sake, for My own sake I will do it; for how could dishonor come to My Name? I will not give My glory to another.

I won't allow you to pollute My Name with Chrisitanity. I won't allow you to pollute My Name with paganism, hedonism, uncleanliness. If you don't want to live up to It, don't ask Me for It. If you don't want to be in covenant, don't be baptized in It. Do you hear what I'm preaching? If you don't want to become My Name, don't ask Me for My Name. If you don't want to be faithful, don't make a vow to Me. Folks, Yahweh is restoring His integrity! He's restoring His Name to a people of integrity; a different people, a separated people. If you bear My Name, you're going to wear My cologne.

Have you ever noticed a married couple after several years of being together, you can't imagine them not being together. They sort of become one to you. For example, the more you are married, the more you become one, and people can't see you as separate anymore. You're a package deal. That's the way we are with Yahweh.

Yeremyah 23:26-27 How long will *this* be in the hearts of the prophets who prophesy lies? Yes, *they are* prophets of deceit of their own minds; 27 Who devise; *plan and scheme*, to cause My people to forget My Name through their dreams which they tell

every man to his neighbor, to join as their fathers have forgotten My Name for Baal; Lord.

If you hear them out there telling your address, and your mama's name, and your daddy's name, but they don't tell you your Father's Name—they don't reveal it to you—they are lying prophets! *Brother Vaughn, I went to a prophet and he told me my dead grandma's name.* Good. Did he reveal the Name of Yahweh to you? How many of you have heard it said: *We're not going to make the name a big deal.?* Yahweh does. He makes His Name a big Big BIG deal. Amen. How many of you have heard: *You all are stuck in the minors. We need to get people saved.* What you call minors, darling, He calls Majors.

How long shall this be in the heart of the prophets that prophesy lies? They're prophets of the deceit of their own heart. It's not the people forgetting My Name. It's the prophets causing them to forget My Name. They won't even reveal the God of Israel to them. Our modern Bibles have replaced the Name of Yahweh with Lord. Yahweh removed Judah out of His sight in the year 586 B.C. When did He remove Israel? Does anybody remember? 726 B.C. That's almost a hundred and forty years earlier. So Judah has 140 years to watch what happened to Israel and learn from it.

You can read about them being taken captive now in II Kings, chapter twenty-four. The city of YAH-ru-salem is being burned and plundered. Why? No need in having a city called YAH-ru-salem if Yah's Name is not spoken there. It's a joke now. I'll read the next verses from the screen.

II Kings 24 And Nebuchadnezzar king of Babylon came against the city (Jerusalem)

Let me tell you when you will go to Babylon. I want everyone to hear me right now about how you know when you're in Babylon. When do you go to Babylon? When you forget the Name. When you walk into a church, and that Name Yahweh is not being celebrated, you've walked right back into Babylon. They'll sing about everything else. They'll sing a Dottie Rambo

song, they'll sing a song about Beulah Land, they'll sing about everything but the Name of Yahweh.

That's why they went to Babylon: They forgot The Name. If you want to stay out of Babylon, say that Name wherever you go. Nobody will invite you to their church. You don't have to worry about ever going back to Babylon. Just keep saying that Name, and I promise you, you'll never have to go back to Babylon, because they won't want you back.

and his servants did beseige it. And Jehoiachin the king went out to the king of Babylon and he, and his mother, and his princes, and his officers: and the king of Babylon took him in the eighth year of his reign, and he carried away all Yahrusalem and all the princes, and all he mighty men of valour, even ten thousand captives and all the craftsmen and smiths; none remained, save the poorest sort of the people of the land (verses 11,12, 14).

He carried away all of Jerusalem. I've always wondered why he left the *poorest sort*. Everyone overlooks that. He took all of the merchants. He took all of the wealthy people into Babylon, but he left a little remnant of people there; the poor people, the poorest of the poor. I wonder if it's because they, in the secrets of their little huts, never forgot that Name. All they had was Yahweh. No riches, nothing but Him. That was their Passover. Amen.

I just wonder if those poor people still had to depend on Yahweh, and they never forgot that He was their helper. They were left in the land. There's always a remnant. I want you to hear this. You and I today are the remnant. Everyone but the poorest of the poor has gone to Babylon. They kept that Name on their lips, and He left us out of Babylon. HalleluYah! Thank you Yahweh!

I want to be the poorest sort on the land. Anybody else want to be that poorest sort? I don't ever want to get so blessed that I become ashamed of this Way. I don't ever want to get so blessed that I quit dancing like a fool. I

don't ever want to get so blessed, that I can't get down with the people, and dance, and celebrate the Name of Yahweh. If I ever get that blessed, Father, take my blessings away so that I can be the poorest sort of the land.

This is the seal of Zedekiah. When Nebuchadnezzar took all of Yah-ru-salem, he installed Jehoiachin's uncle, Mattaniah, on the throne of Jerusalem and renamed him Zedekiah. This is important because Jehoiachin was king when this destruction happened. Now the king of Babylon takes the true pastor off the throne, and replaces him with an elected pastor, who will answer to Babylon. That name was Zedekiah. But Zedekiah also rebelled against Babylon. He had a little revival, and then he caused Yah-ru-salem to be destroyed. Then Nebuchadnezzar tried to install Gedaliah as the

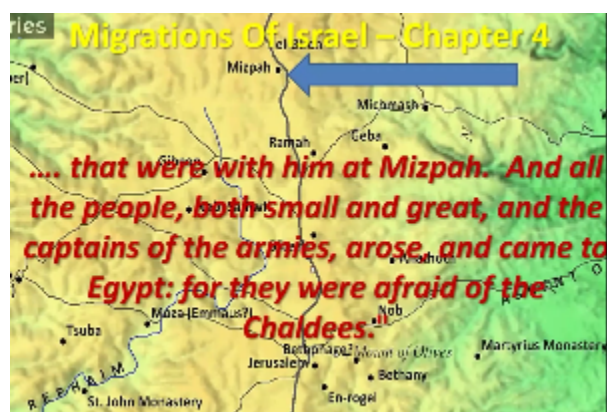

governor. Let's read about that in II Kings 25Bu:25-26. When we do, I want you to notice the words in green. There's something very important about the Lost Tribes. Read. And it came to pass in the seventh month, that

Ishmael the son of Nethaniah, the son of Elishama, OF THE SEED OF THE ROYAL, CAME, and ten men with him, and smote Gedaliah, that he died, and the Judahites and the Chaldees.

So, they put a fake president in the Oval Office, they put a fake pastor on the throne. The King of Babylon did. And here comes Ishmael, the son of Nethaniah, the son of Elishama. Who are these people? They are the SEED ROYAL! Listen: This is David's children: seed royal! I want you to hear me. Anytime you find people trying to get rid of a fake president, or a fake king,

or a fake pastor, you're probably looking at the seed royal, because there's something in us that loves truth. HalleluYah!

This is Mizpah. They who were with him at Mizpah, and all the people both small and great, arose and came to Egypt because they were afraid of the Chaldees. I want you to notice something. It was now time when great destruction was about to come on the land of Israel, they knew when they killed Gedaliah, that

Nebuchadnezzar was about to come and seek vengeance. Right? At that moment this verse comes into play. Look at the bottom of the picture. Here's Jerusalem.

Now a group of the seed royal, make their way up to Mizpah. Why is this important? Because the Lost Tribes are about to see something. They come up to Jerusalem. You can read about this in Jeremiah chapter forty, and Jeremiah chapter forty-one. Who leaves Jerusalem? Let's think about it. Who just killed Nebuchadnezzar's governor? The Seed Royal. What did Yahweh promise King David? There would always be a seed to sit on his throne. Here's the proof that the seed of David was still trying to take the throne. So now, they run from Jerusalem and go up to Mizpah. Mizpah is in Egypt.

Follow this trail. The seed royal decided to go to Egypt instead of Babylon. Watch this carefully. Not all the Jewish people went to Egypt. Only the seed royal. Why? Yahweh made a promise to David that the seed of David would always exist on the earth, sitting on a throne. This is where it gets really good. Who was it that migrated to Egypt? The *captains of the armies* (II Kings 24:26). The royal army, and the royal seed all fled to Egypt for safety. The Judahites settled there, but they were later destroyed in Egypt like Jeremiah prophesied in Jeremiah forty-four, that they would be. But here's what most people do not know: Most of the Jewish people were killed in

Egypt, except for a handful. Among that handful is Jeremiah the prophet. Jeremiah the prophet is not alone. Remember, the seed royal is in this caravan and Jeremiah is in this caravan. Jeremiah continued from Egypt, and he went to Spain. When he got to Spain, he then gets on a boat and leaves Spain, and travels to Ireland. Ireland was not known as Ireland before Jeremiah got there. I'm getting ready to prove to you that Jeremiah has with him the seed royal.

The seed royal that left Jerusalem, went to Egypt, they went to Spain, and now they cross over to a little land that is not known as Ireland until this seed royal gets there. Then all of a sudden, this land is named Ire. Does anybody know what a harp is? An ire. What does Ireland have on its flag? What was David's symbol on his flag? The harp of David. That's why when you pull on the land and go into our studio, you'll see that harp; that ire. When you come on the land, you're going to see a huge flag with the ire on it. They all fled to Ireland where Jeremiah settled

down. We are going to stop our journey here, and pick up next week.
